

## Residential Energy Upgrade Grant 25/26

### Program Overview

Residential Energy Upgrade Grants support owners of existing residential buildings within the City of Perth to undertake upgrades that will improve environmental performance, reduce greenhouse gas emissions, and enhance climate resilience.

Grants are available for projects in residential strata-titled buildings; and for student, aged and supported accommodation. Projects must relate to common areas or provide communal benefit for residential occupants.

### Types of Projects Supported

Upgrades may include one or more of the following:

- **Energy efficiency:** upgrades to lighting, hot water system, pumps and motors, lifts, air conditioning and ventilation, and including building tuning.
- **Electrification:** replacement of gas hot water systems, space heating and cooking appliances with an energy efficient electric alternative; electric vehicle charging infrastructure.
- **Renewables:** installation of solar photovoltaic systems and battery storage.
- **Embedded networks and smart meters:** are an allowable project cost where part of a larger energy efficiency / electrification / renewable energy project.
- **Energy calculations:** Contractor's quotations may include costs for time taken to calculate projected energy savings of upgrade project(s). Projected energy savings will be a key component guiding assessment and approval of a grant under this program.

### Types of Projects Not Supported

- Upgrades for individual dwellings (which do not provide a communal benefit)
- Upgrades that do not contribute to a reduction in energy consumption and emissions i.e. like for like replacement.
- Replacements with gas as the primary fuel source (no new gas).
- Administration and management costs by strata managing company, body corporate, building manager or agent.

## Funding Available

The Residential Energy Upgrade Grant operates in three funding streams, with matched funding provided by the City.

### Stream A

### Stream B

### Stream C

Stream A attracts a matched funding contribution from the City up to a maximum of **\$20,000**.

Stream B attracts a matched funding contribution from the City up to a maximum of **\$10,000**.

## Key Dates

The City will accept applications for Residential Energy Upgrade Grants at any time, however decisions will be made on a case-by-case basis in line with budget and strategic priorities.

# Residential Energy Upgrade Grant 25/26 Application Form

## Form Preview

Residential Energy Upgrade Grants operate as exhaustive funding - where grants are allocated on an ongoing basis, provided the application meets the eligibility criteria and minimum standard in addressing the assessment criteria, until the budgeted funding is exhausted.

Applications open 1 July 2025

Application close 31 April 2026, or earlier if funds exhausted

Allow up to 8 weeks to be notified of a decision.

**Approved projects must be completed within 12 months of decision.**

## Before You Begin

To make your application process simple, we recommend having the following documents available:

### **Program guidelines**

- Read over the guidelines and make sure you understand all requirements of the program. Guidelines are available for download on the City's [Sponsorship & Grants page](#).

### **Required Documentation**

1. Evidence of financial viability through a recent bank statement or annual statement.
2. Minimum of two recent 'before photographs' of the project location.
3. Minimum of one quote from qualified contractors and / or suppliers to carry out the works.
4. A minimum of two utility bills (for each relevant utility) from within the last twelve months.
5. Completion of the provided [Energy Data Sheet](#).
6. A letter from the Body Corporate / Property Owner which confirms prior approval for the project.
7. Documentation authorising Strata Manager or Agent to act on behalf of Owners (if applicable).
8. Successful applicants that operate as a trust will be required to provide a copy of the trust prior to execution of a funding agreement.

### **Feedback**

- A Sponsorship Officer is available to provide feedback and answer any questions you may have about the application process prior to submitting.

- be a legally constituted entity or individual with an Australian Business Number (ABN);
- be a body corporate/ owners corporation of an existing residential strata-titled building; or a provider of student, aged or supported accommodation; with at least four residential dwellings. Applications for buildings of mixed use are eligible where the benefits of a project will apply primarily for occupants of residential dwellings;
- be located within the City's local government area;
- have all appropriate insurances, permits and licenses for the proposed project or can demonstrate these have been investigated and discussed with the relevant authorities; including and not limited to the City's relevant departments (development planning, building, and health approvals);
- be using external suppliers and contractors that are appropriately certified to undertake the proposed upgrade works;
- have submitted the application prior to the project commencement date with sufficient time to enable consideration by the City;
- demonstrate financial viability without the City's funding (an individual event or project may not be viable without the City's support, however the organisation must be); and
- demonstrate the Body Corporate/ Property Owner has provided full prior approval for the proposed project.

The City will not consider applications from:

- hotels, serviced apartments or commercial accommodation providers other than student accommodation, aged accommodation and/or supported accommodation;
- the Commonwealth or State Government Departments;
- a political party;
- an applicant that the City considers to support, promote or facilitate violence, intolerance or discrimination;
- an employee or elected member of the City, or their immediate family, however this does not include an application from an organisation that an employee, elected member or their immediate family member may be part of;
- an applicant that has outstanding debts to the City;
- an applicant who is in legal conflict with the City;
- an applicant that has failed to provide satisfactory acquittal reporting for any previous City funding;
- an applicant that has already received City funding (including in-kind) for the same project within the same financial year; or
- an applicant that conducts themselves in a way the City considers to be injurious or prejudicial to the character or interest of the City.

The City will **not** consider applications for the following projects or project expenses:

- projects where the City consider the primary purpose to be political;
- projects that the City of Perth consider denigrate or exclude parts of the community or have an adverse effect on public health, safety, the environment or heritage;
- projects that request reimbursement of funds already spent;
- projects that are for debt reduction or operational deficits; and
- project legal expenses.

The City will not support recurrent operational funding, including, but not limited to wages, salaries, or administrative overheads. Further details on eligibility and requirements can be found in the [City's Sponsorship and Grants Policy](#).

If you have any questions please contact a City of Perth Sponsorship Officer on 08 9461 3333.

### Assessment Criteria and Measurement

# Residential Energy Upgrade Grant 25/26 Application Form

## Form Preview

To guide and inform the City's direction and approach for the Residential Sustainability Assessment Grants, key priority outcomes which are aligned to the City's Strategic Community Plan and Sustainability Strategy have been identified.

Applicants for **Residential Energy Upgrade Grants** will be assessed against the extent to which the applicant can address all of the below criteria.

### Essential Criteria 1

**Describe the need for the project and the residential community it will benefit. \***

When answering this criteria you may consider:

- Are there existing environmental performance and/or cost issues in the building?
- How will your project will work to improve outcomes?
- Who will the project benefit?
- If applying for more than one upgrade type, include information for all of the project components for which you seek support.

**Optional supporting documents can be attached \***

Attach a file:

### Essential Criteria 2

**Demonstrate the measurable energy improvements or measurable emission reductions that will be created by the project. Use the provided Energy Data Sheet to inform your answer. \***

When answering this criteria you may consider:

- What is the current energy consumption and proposed energy consumption for each upgrade?
- What are the anticipated savings?
- How does this compare with the overall consumption of the base building?
- Where electrification is proposed, what is the amount of gas that will be removed (MJ).
- If multiple upgrades are being proposed, distinguish between each upgrade as well as include the aggregate savings of all upgrades.
- A copy of the Energy Data Sheet required to be completed is available [here](#).

**Please upload your completed Energy Data Sheet.**

### Utility Bill upload

**Please upload a minimum of two utility bills for each relevant utility used within the Energy Data Sheet (electricity / gas) current within the last twelve months.**

Attach a file:

A minimum of 2 files must be attached.  
per utility

### Essential Criteria 3

**Demonstrate the capacity to manage all aspects of the project, including evidence of planning approvals and building permits (if applicable), and ability to deliver the project within the allowed timeframe (12 months from approval).**

When answering this criteria you may to consider:

- Describe the project plan including budget, timeline, and team responsibilities (consultants, installers, suppliers, etc).
- Who will manage the project from start to finish? Have residents been informed of the project?
- Have any residents questions been answered, and objections addressed?
- Does your supplier foresee any issues in acquiring the proposed equipment and services within the allowed timeframe?
- Do you foresee any other issues that may risk completing this project within the allowed timeframe?

### Approvals, Permits, Licenses and Insurances

The provision of the grant does not replace the requirements and processes for development, planning, building and health approvals.

Funding is subject to the applicant obtaining all relevant permits and approvals.

Applicants are required to contact the City of Perth [Development Approvals](#) team to determine if approvals or permits are required for the proposed project.

**Please upload correspondence with the City of Perth Development Approvals Team, which confirms the status of approvals and/or permits required for your project. \***
